

Make a paper helicopter

London's
Air Ambulance
Charity

You will need:

- A4 card or paper
- scissors
- paperclips
- crayons or colouring pencils

Instructions:

1. Print out our Paper Helicopter template
2. Carefully cut along the **solid lines** and fold along the **dotted lines**
3. Fold flap **A** towards you and flap **B** away from you
4. Fold flaps **C** and **D** towards you so they overlap each other.
5. Fold flap **E** upwards and hold in place with a paperclip

Now you are ready for take-off!

6. Hold the paperclip and throw the model into the air as high as you can. Watch it spin to the ground
7. Why not try changing the size or the weight at the bottom to see what difference it makes
8. You could decorate your paper helicopter with crayons or colouring pencils

You can watch a video on how to make a paper helicopter at

<https://youtu.be/zTakrjE9yCo>

Happy flying!
