<b>5</b> .	5. The helicopter can reach anywhere in London within minutes.			
6.	6. A single mission costs approximately pounds in operational costs.			
<b>7</b> .	he charity needs to raise approximately million pounds each year.			
8.	Cold air is thrust through the tail at a speed of mph.			
	1989			
(	40.000			
	40,000 11 11,000,000 24 2,080			

### **WORKSHOP 2 - ACTIVITY SHEET 1**

#### **Activity**

One of you is reporting a bike accident.

The victim looks fine, is breathing, but is not responding to passers-by who are trying to help.

She is lying at the side of the road and is not wearing a helmet.

How to make an emergency call.

In pairs or threes, can you rehearse this conversation? Remember that your tone of voice is important, that instructions must be clear and that you need to remain calm.

Why is it important that you and the team responding to the emergency remain calm?

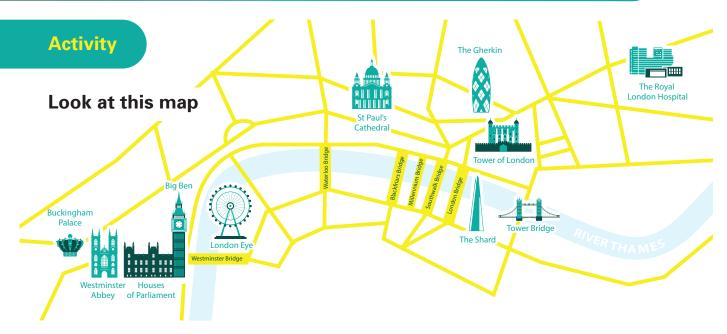

Registered Charity (801013).

## **WORKSHOP 2 - ACTIVITY SHEET 2**
